**Statement Requesting the Deletion of the Name of an Inventor under § 1.63 (d)(2)**

Sir:

The present application is a continuation of U.S. Appl. No. 09/931,974 (our docket no. 7226-200), which is now issued U.S. patent 6,963,019. A Correction of Inventorship request under 37C.F.R. 1.48(a) was filed in the parent application of the present application on May 14, 2004 to remove William H. Kimball as an inventor. While the USPTO did not confirm the receipt or granting of this request, we have been able to assess through the PAIR system, that the request was received, and that the publication of the issued patent shows the actual inventors: David M. Binder, Edward C. Leicht, and William J. Binder.

When the present application was filed, William H. Kimball was not listed as an inventor on the application cover page, nor on the transmittal sheet, and a copy of the oath originally filed in the parent

application was filed pursuant to §163(d)(1)(ii). We assume that because the original oath listed William H. Kimball as an inventor, and an additional statement requesting his removal as an inventor was not submitted at the time of filing, pursuant to §163(d)(2), he is now incorrectly listed as an inventor in the present application.

It is now respectfully submitted that the inventorship of the above-identified patent application be corrected by deleting the undersigned William H. Kimball as an inventor. The remaining inventors are:

David M. Binder  
Edward C. Leicht  
William J. Binder

Please find enclosed a copy of the Correction of Inventorship request under 37C.F.R. 1.48(a) filed in the parent application.

The Commissioner is hereby authorized to charge payment of any fees required in connection with the paper(s) transmitted herewith, or credit any overpayment of same, to Deposit Account No. 50-0521.
